Admission Policy of Gunma University

We seek applicants who have academic skills and capabilities required by the graduate schools or institutes according to their programs or specialties. Applicants should be motivated to contribute to the development of society through research and practice.

Admission Policy for Course of Medical Sciences in Graduate School of Medicine, Gunma University (Doctoral Program)

< Aims in Human Resources Development >

Our program aims to cultivate medical doctors who will pursue medical science, medical ethics, and medical skills. We hope our graduates will integrate these pursuits and contribute to the progress of medical research and education, thereby becoming leaders in health care and medical science.

< Attributes of Desired Candidate >

We will accept students who have profound academic knowledge and skills in medical sciences to study and research in our program. Specifically, we will accept those who:

1. strive to contribute to human and societal development through advanced biological science and medical sciences.
2. strive to contribute to human and societal development as medical professionals with high ethical standards and great clinical capabilities.
3. strive to contribute to human and societal development as medical educators who cultivate respectable doctors and healthcare professionals.
4. have English proficiency as a basis for academic discussion and literature reading.

< Basic Policy for Admission Selection >

In order to select applicants with the above qualities, we will conduct the entrance examinations for working members of society in addition to the general entrance examination. We offer October admission in addition to the traditional April admission, to expand learning opportunities. We will make comprehensive evaluation based on the results of the entrance examination (English test and interview) and undergraduate (graduate) academic transcripts.

○General entrance examination, Entrance examination for working members of society

The foreign language (English) examination will evaluate "reading comprehension of literature in English" (Attributes of Desired Candidate 4). The oral examination (interview) will evaluate the applicant's basic academic knowledge related to the major field of study and the willingness to engage in research (Attributes of Desired Candidate 1-3). Furthermore, the transcripts will be added for a comprehensive judgment.

6 Selection Method

The judgement of acceptance is made by a comprehensive ability of English, Oral Examination in your major field, and the academic transcripts etc., submitted by the applicants.

(1) About the Foreign Language examination

We will hold Foreign Language (English) examination (paper test) on Examination Day.

When applying, it is converted into the Foreign language (English) examination score which is submitted with any of the following test score report : TOEFL-ITP (TOEFL Institutional Testing Program), TOEFL-iBT (internet Based Test, including Home Edition), TOEIC Listening & Reading Test, (Open Test), TOEIC IP Test (only administered by Gunma University) or IELTS (Academic Module) (including computer-delivered IELTS Academic). (the scores must meet the score criteria listed below).

TOEFL-ITP	500 or over
TOEFL-iBT	55 or over
TOEIC L&R or TOEIC-IP (only administered by Gunma University)	550 or over
IELTS (Academic Module (including Computer-delivered IELTS Academic))	5.0 or over

The valid score report is issued within five years.

In addition, we only accept the original score reports (and do not accept the copied ones). TOEIC IP Online score report is unacceptable. It will be returned with your examination card.

Furthermore, the applicant who submits those score reports can also take the foreign language (English) test in conjunction with the conversion scores. In that case, the better result is adopted as one of the judgment of acceptance.

(2) About the oral examination

① For applicants with difficulty coming to the Showa campus for the Gunma University oral examination, we may use the results of the interview on the internet for evaluation.

② Date of examination

The examination is held on the same day as the general entrance examination. However, the schedule for the virtual interview is determined individually.

③ Applicants must contact the supervisor they would like to study with for the oral examination and confirm how it is to be implemented.

④ In principle, the oral examination of the international student entrance examination is held in English. Subsequently, we may ask some questions about Japanese proficiency.

(3) Messages about the applicants

Contact the supervisor you would like to study with prior to the application and make sure to consult them on your research plan at Gunma University.

Admission Guidelines for Working Members of Society

Aim

With the rapid development of medical science and medical treatment, the development of human resources with the special ability, knowledge, and technique of more advanced medical science and medical treatment is socially requested.

Our Graduate School introduces the day/evening lecture course system based on the special divisions on education methods by Article 14 of the Standards Act for Establishment of Graduate School. It conducts the selection for a working member who is active in the field connected to medical science and medical treatment in local society to give him/her an opportunity to learn the ability, knowledge, and technique of advanced medical science and medical treatment.

The education based on the day/evening lecture course system will be implemented in the evening (5:30 p.m.- 8:35 p.m.), on Saturdays, Sundays, national holidays, and during the period of absence from work; for example during summer holidays.

1 Number of Students to be Admitted

The number of the students to be admitted for the selection of working members of society is included in the number of students to be admitted described in the Admission Guidelines for general selection.
